13. Although distributions of funds in a chapter 7 case, other than certain chapter 7 administrative expenses, are ordinarily made at the conclusion of the case to avoid unforeseen events, the Trustee seeks authority to make an interim distribution of funds at this time as provided in this Motion.
14. The Trustee has exercised his judgment in a conservative fashion, balancing the desirability of making distributions at this time against the risks of an insufficiency to pay claims entitled to the

same or a higher priority under 11 U.S.C. § 726(a) and (b) and seeks an order authorizing him to make the distributions described herein notwithstanding such risk.

WHEREFORE, the Trustee prays for the Court to grant the following relief:

1. Authorizing the Trustee to make an interim distribution to holders of certain allowed claims set out in this Motion, subject to the conditions set out in this Motion; and
2. Holding that the Trustee is so authorized notwithstanding the risk of events that might result in an insufficiency to pay claims entitled to the same or a higher priority under 11 U.S.C. § 726 than the claims to be paid pursuant to this Motion;
3. For such other and further relief as the court may deem just and proper.
